About us

Power Sonic has nearly 50 years experience as a leading force within the battery industry. From our inception in 1970 our focus has been the design, manufacture and distribution of innovative battery solutions. Our battery products are used worldwide for a broad range of electronic and industrial applications, our key markets include life safety, medical, utilities and infrastructure, Powersports and industrial automation. We are constantly developing new products to set the pace within a rapidly changing industry. The continuous improvement of our engineering processes allows us to develop products with better value and superior performance. The capability to provide our customers with reliable and economical products is the cornerstone of our business.

We employ over 1,000 people worldwide with our corporate headquarters in the USA with major operations in The Netherlands, UK, France and Mexico. We also have an impressive national and international distribution network ensuring coverage worldwide.
