

PHR SERIES

HIGH-RATE RECHARGEABLE SEALED LEAD ACID BATTERIES

UPS

Data Center

Power Sonic's high-rate PHR series provide constant power backup that UPS systems and critical backup applications require.

The PHR series has been designed and developed specifically for high-rate discharge applications to ensure constant, dependable power when used as battery backup or as part of a UPS system.

Power Sonic's cutting-edge manufacturing and process control combined with meticulous quality assurance procedures guarantee consistent and dependable performance.

PHR SERIES

High-Rate Rechargeable
Sealed Lead Acid Batteries

FEATURES

- High-rate VRLA battery
- Specifically designed for high-rate UPS and critical power backup applications
- Valve regulated, maintenance free spill proof construction
- Precision plate pasting for higher consistency with 100% load testing to ensure uniform capacity
- Lead-calcium alloy grids and the use of high purity lead account for superior shelf-life characteristics
- Patented dual-paste process for enhanced active material bonding and computer guided volumetric electrolyte control for precision filling
- Rugged impact resistant ABS case and cover flame retardant to UL94:V-0
- High rate of charge and discharge
